

Ministers Should Use Dr. Miles' Heart Cure.

THERE IS NO PROFESSION, whose labor is so severely taxed as the ministry. The development of the nervous system of the brain, overwork, frequently brings on attacks of heart trouble, and nervous prostration. Rev. J. P. Kester, M. D., Pastor U. B. Church, London Mills, Ill., himself a physician, writes Feb. 25, 1905: "Heart affection and nervous prostration had become so serious last fall that a little overwork in the pulpit would so completely prostrate me that it seemed certain I must relinquish the work of the ministry entirely. Heart palpitation became so bad that my auditors would ask me if I did not have heart disease. Last November I commenced taking Dr. Miles' New Heart Cure alternately with Dr. Miles' Nervine and derived the greatest possible benefit. I have just closed revival work of 10 weeks, preaching nearly every night and twice on the Sabbath. I can speak for hours without suffering as I formerly did. Hard working ministers should keep Dr. Miles' grand remedies on hand." Dr. Miles' Heart Cure is sold on guarantee, first bottle will benefit or money refunded.

GRAND TRUNK RAILWAY SYSTEM (Detroit & Milwaukee Division.)

TIME TABLE IN EFFECT JAN. 18, 1907.

Arrival and Departure of Trains at Owosso.

Westward.	Leave	Arrive.
Gr'd Rapids, Gr'd Haven and Muskegon	a. m. 10:00	p. m. 6:03
Gr'd Rapids, Gr'd Haven and Muskegon	p. m. 7:30	a. m. 1:30
Gr'd Rapids and Intermediate Stations	p. m. 7:17	a. m. 1:00

STATE NEWS NOTES.

MICHIGAN ITEMS WHICH WILL BE OF GENERAL INTEREST.

Short Review of the Work of the State Senators at Lansing—Other News of Interest from All Over the Great State Reported by Telegraph.

Lansing, Mich., April 9.—The Edgar bill, providing that liquor tax money shall be paid into the treasury of the township or municipality in which the saloon is located, instead of being divided with the county as now, was killed in the house. This body, in committee of the whole, passed the bill providing for a tax of 5 per cent. on all inheritances or transfer made in contemplation of death, whether of real or personal property or whether made by residents or non-residents. Inheritances of \$5,000 or less are exempted, as is property willed to a father, mother, husband, wife, child, brother, sister, wife or widow of a son, or husband of a daughter. Bills were passed providing that in trials for bigamy the testimony of husband or wife may be received without the consent of the other, and providing that all fruit packages have conspicuously stamped on them the fraction of a bushel which they contain was agreed to. The senate passed a bill permitting taking of minnows used for bait with nets in the Les Cheneaux channels.

Lansing, Mich., April 10.—The so-called Molster convict labor bill was mercifully slaughtered by the lower house of the state legislature Thursday. All after the enacting clause has been stricken out. The friends of the bill could only muster twenty-nine votes out of the ninety-nine members of the house. The bill, which was pushed by organized labor representatives, prohibited the contracting of prison labor and as a substitute provided that the convicts might be farmed out in lots of twenty to the several counties of the state, and employed at road building. The farmers were opposed to the bill, as were the prison wardens and others familiar with the employment of convicts. The argument that the convicts employed at current labor tended to reduce the price of free labor was effectively refuted by Warden Fuller of the Ionia prison, who showed that certain kinds of furniture is being manufactured by free labor in Grand Rapids and sold at a less price than similar furniture is made in the institution with which he is connected.

Lansing, Mich., April 12.—The Widows committee of the legislature, which has been investigating various allegations made by Governor Pinckney and others against the railways of the state, submitted a report yesterday which recommends as follows: First, that a committee be appointed by the governor to arbitrate all differences between shippers and railroads; second, all freight traffic should be under the jurisdiction of the state; third, railroads should be obliged to furnish freight cars to shippers within forty-eight hours after having been served with written notice for the same; fourth, railroads should be obliged to furnish storage room for perishable freight until they are able to furnish cars for its transportation; fifth, railroads should be held liable for damage resulting from wrong delivery or loss of freight shipped for destinations reached by other connecting lines; sixth, all fast freight lines should be obliged to incorporate under the laws of this state, with offices within the state.

The committee also recommends laws to regulate switching and delivery of cars and fixing charges for same; that the law forbidding discriminations in freight rates be amended so as to remove its apparently broad discriminatory features; that uniform forms of freight bills be required, which shall show the weight, rate and class for which the bill is rendered. A state railroad commission is also recommended. It is generally believed that while the house is favorable to anti-railway legislation the senate is not.

MICHIGAN CROP REPORT.

Weather Not Specially Unfavorable to Wheat During the Winter.

Lansing, Mich., April 10.—Cool, wet weather prevailed in September, 1896, the temperature being below and the rainfall in excess of the normal, but in October the weather was unusually cold and dry, and on November 1 the wheat plant was small though in healthy condition. Dec. 1 the average condition in the state was 91. During the winter the weather was not specially unfavorable and while in individual fields and localities wheat may have been more or less damaged, there has been no general or severe winter-killing throughout the state.

The average condition in the state April 1, was 87; in the southern counties, 86; in the central, 87, and in the northern, 91; comparison being with average years. One year ago the average condition in the state was 86; in 1895, 85, and in 1894, 90.

The amount of wheat reported in March is 67,428 bushels, and in the eight months, August-March, 7,534,871 bushels, which is 221,635 bushels more than reported marketed in the same months last year.

The average condition of clover meadows and pastures is, in the southern counties, 91 per cent.; central, 87; northern, 89, and state, 90. Live stock is reported in good condition, the averages ranging from 85 to 95 per cent.

The outlook for apples seems to be favorable; correspondents, however, are of the opinion that the heavy crop of last year is likely to be followed by a light one this year. Peach buds have been generally and severely injured. Other fruits promise well.

PLANS FOR A MEMORIAL.

University of Michigan Students Want a Trophy Room.

Ann Arbor, Mich., April 14.—The senior memorial committee of the University of Michigan, composed of members from the various graduating classes, are considering a number of plans for a memorial, but as yet have decided upon none. The plan which seems to meet with the most favor is that of fitting up a room in the gymnasium as a trophy room. In the east many colleges have had such rooms for several years, and they have proved to be very interesting. All balls used in the games of football and base ball are marked with the scores and stored in these

rooms, which can be seen by the public, thus preserving the history of the inter-collegiate games in a very unique way.

The first number of the new combined Annual of the University of Michigan, the Michiganian, will be placed on sale about May 1. The shape of the book will be quite different from that of the "Castellan," but in other typographical respects will be much the same. It will be divided into two departments and will be in different colors.

TIERED SALESWOMEN.

Employers Should Be More Considerate of Their Health.

Interesting Statement by a Young Lady in Brooklyn.

In the vast retail establishments of large cities, many women are employed as saleswomen. Men formerly held the positions that

women now hold, and while women's organization is less strong than men's they are expected to do the same work. Their duties compel them to be on their feet from morning to night, and many of them, in a short time, contract these distressing complaints called "female diseases."

Then occur irregularities, suppressed or painful menstruation, weakness, indigestion, leucorrhoea, general debility and nervous prostration.

They are beset with such symptoms as dizziness, faintness, lassitude, excitability, irritability, nervousness, sleeplessness, melancholy, "all-gone" and "want-to-be-left-alone" feelings, blues and hopelessness.

In such cases there is one tried and true remedy. Lydia E. Pinkham's Vegetable Compound at once removes such troubles. The following is a sample:

"My dear Mrs. Pinkham:—After writing you, and before your answer came, I was too miserable to go to the store, and so lost my position. That was five weeks ago. I am now back again in my old place, and never felt so well in all my life. The bearing-down pains and whites have left me, and I am not a bit nervous or blue. Life looks brighter to me. I don't get tired, my temper is real sweet, and I could scream right out sometimes for joy.

Your Vegetable Compound is my stand-by. You don't know how thankful I am to you for saving me from suffering. Every woman in my position should know of your wonderful remedy. I never saw you, but I love you for being so good to me."

EDITH—W. 6th Ave., Brooklyn, N. Y.

MADE ME A MAN

ALL NERVOUS DISEASES—Falling Memory, Impotency, Sleeplessness, etc., caused by Abuse or other Excesses and Indulgences. They quickly and surely restore Lost Vitality in old or young, and fit a man for study, business or marriage. Instantly cures Nervousness and Consumption if taken in time. In each case or refund the money. Price \$5.00 per bottle, or six bottles full treatment for \$25.00. By mail, in plain wrapper, upon receipt of price. Circulars free. 109 Broadway, New York City.

For Sale in Owosso, Mich.

JOHNSON & HENDERSON.

According to advice brought by the Gaelic, just arrived at San Francisco, natives in the vicinity of Ichang, China, are dying by hundreds of starvation.

Thirty English volunteers have arrived at Arta to join the Greeks. They include among their number young Harrie, the son of the British admiral in Cretan waters.

Sophia Traubmann, the singer, was married to Charles Patzowsky, of New York, Feb. 15.

The Pure Food Product company at 544 North Water street, Chicago, has failed. The liabilities of the concern

General John R. Brooke, the new commander of the department of the Missouri, who succeeds General Merritt, has arrived in Chicago.

W. L. Sanders, operating general stores at Frankfort, Kan., and Falls City, Neb., has failed. Assets and liabilities are believed to be large.

Professor Edward Brinker Cope, Ph. D., died at his home at Philadelphia from kidney trouble. Mr. Cope was professor of zoology and comparative anatomy in the school of biology of the University of Pennsylvania.

Wednesday, April 14.

Otto Snyder and cousin, John Snyder, young men, were drowned in the river at Eldora, Ia.

It is reported that T. V. Powderly, former general master workman of the Knights of Labor, will be appointed commissioner of immigration to succeed Herman Stump.

Paul Genz, who killed his mistress at Hoboken, N. J., Aug. 28, 1894, has just been hanged by the sheriff at Jersey City.

Queen Lil wants to run for president of the Hawaiian islands, and says that if the "people" of those islands are permitted to freely vote their sentiments she will be easily be elected.

By a decree of Dec. 14, 1874, the king of the Belgians instituted an unusual prize of 25,000 francs for the best military history of Belgium.

Chicago detectives are looking for John Craft, who, it is alleged, robbed his mother, Mrs. John McDonald, of \$900.

Thursday, April 11.

Italian canned tomatoes are supplanting the American tomatoes at Belfast, owing, as the dealers say, to the fact that the American vegetable is overcooked and over-ripe.

Mrs. Sarah Bernhardt is passionately fond of bullfights, and makes it a rule to visit the "ring" whenever she is in Spain.

Governor Jones will call an extra session of the Arkansas legislature for April 26 to take action on a no-fence law.

William E. Mikell, a prominent member of the bar from South Carolina, has been appointed instructor in law at the University of Pennsylvania.

Mrs. Melba will sing with the Darnoch company next season.

A sensation in Austrian parliamentarian circles is the elopement of a young daughter of Dr. Ferdinand Kronawetter, leader of Vienna Democrats and member of the reichsrath.

Friday, April 9.

Mrs. Ormiston Chant, the social reformer, and six nurses have left London for the island of Crete. Lady Somerset and B. F. Keith, of Boston, financing the mission.

By the will of the late Miss Winifred E. Martin, who died at the Hotel Altamont, Baltimore, nearly, if not quite, \$1,000,000 is bequeathed to various Roman Catholic churches and charities in Maryland and California.

Rhode Island has elected Elisha Dyer, Republican, governor, by a majority of 10,000.

Frank Brede, aged 64, a retired business man, for fifty years a resident of Dubuque, Ia., and one of the wealthiest and best-known citizens, was stricken with paralysis and died within two hours.

Four children were drowned at Mound Landing, Miss.

Mrs. John Lang, of Derby, Conn., hanged herself in her home during a fit of melancholia after having beaten her 16-month-old child on the head with a blunt instrument. The child will die.

Schrader, the "divine healer," who achieved much notoriety in Denver some months ago, has located in Providence, R. I.

The Greater New York charter has been returned to the legislature with the disapproval of Mayor Strong, of New York, and Mayor Wuerster, of Brooklyn.

Colonel William R. Shafter, first infantry, U. S. A., has been nominated to be brigadier general.

The Globe Flour mills at Cornwall, Ont., were burned. Loss, \$33,000.

David Brown, of Chicago, died at the county hospital from the effects of supposed arsenic poisoning. The man, it is said, attempted to commit suicide at his home.

Alonzo J. Whiteman, ex-mayor of Duluth, has been acquitted of the charge of grand larceny at New York.

The LaCrosse, Wis., gas works have been sold to the Edison Electric company, of LaCrosse.

Monday, April 12.

An Austrian has invented a lace-making machine that makes lace not distinguishable from handwork.

A party of prominent railroad officials and others has just left Milwaukee, where it had been in connection with the reorganization of the Wisconsin Central property.

A Louisville newspaper gave a concert Saturday for the benefit of the Mississippi valley flood sufferers and raised \$1,500.

The Burlington (Ia.) street railway was sold at public sale to a Boston syndicate for \$50,000. One hundred thousand dollars in improvements will be made by the new company.

Ed Geers, the horseman, was thrown from a sulky at Selma, Ala., and had one wrist broken and his ankle dislocated. Pneumatic tube exploded.

The cotton losses of the Mississippi river flood—in crops that will not be grown—are estimated at \$50,000,000.

Secretary Long has referred to congress all of the bids and letters received by him touching the armor plate question.

TALL SYCAMORE FALLEN.

Death Strikes Down the Hon. Daniel W. Voorhees.

Washington, April 12.—Daniel Wesley Voorhees, whose death occurred in this city last Saturday, had been ill for some time, and with a disease that always carries off those upon whom it once fixes—itself—angina pectoris. He was 76 years of age last September, and prior to his retirement from public life on March 4 last had been for many years one of the most picturesque figures in the senate. He was born in Liberty township, Butler county, O., and in his early infancy was carried by his parents to their pioneer home in the Wabash valley, Indiana. In 1819 he
